

Achievements and Proud Moments of Shania Swann. BY: AL-LY MASSEY

Confident, smart, positive. Three words that people hope to hear about themselves and three words to describe Shania Swann. You've probably seen her in the halls, maybe your even friends with her, but how much do you truly know about Shania Swann?

Shania is very involved at Butler and in her community. She is a peer tutor, member of the Inkspot, and team manager of the boys soccer team. "Mommania", as the boys like to call her, helps the team with whatever they may need. From purchasing new cleats, to giving rides home from practice and making sure the boys stay focused in school and on the field.

Through her hard work in school and her involvement with students and teachers alike, Shania was given the opportunity to attend Girl's State. Girls State is a mock state government where girls

from all over the state of Kentucky are given the opportunity to meet up, and participate in debates similar to ones our state government would hold. Chosen by Mr. Joseph, who was a member of Kentucky Boy's State, Shania went down to Cumberland University with 24 other Butler girls. Going in, she was very nervous because of her fear of speaking in front of large groups of people. After "breaking her ice" and facing her fears, she ended up winning 2017 Girl's State Governor and First Alternative to attend Girl's Nation.

Shania is successful in and out of school, but she achieves all of this through hard work and her dedication to reach all of her goals. A kind and caring person, Shania strives to be the best she can be each and every day. She's close with her family, she's willing to help anyone around, and she always has a smile on her face. Next time you see her, I hope you see more than just Shania Swann. I hope you see the hard working, confident, intelligent, and positive person that she truly is.
